

Lead Abatement Firm Certification

Certified lead abatement firms perform lead abatement services in older homes.

How to get certified

- Meet the certification requirements:
 - ✓ Must have a certified lead supervisor on staff
 - ✓ Must have proof of current workers' compensation insurance
- [Apply for state certification](#)

Other information you should know

- Lead abatement firm certifications expire December 31 each year
- Contact the Healthy Homes Section Certification Team at 1-866-691-5323 or by email at HHSInfo@michigan.gov
